

Networked Digital Signage

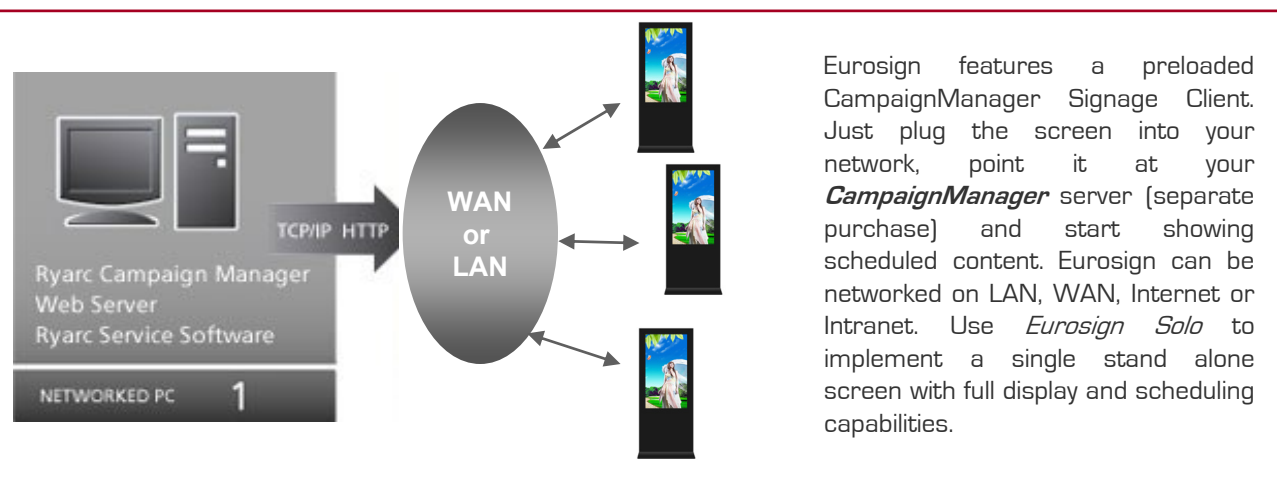

Eurosign is a high impact, large digital sign that integrates screen, media player and powerful signage software in a single styled enclosure. Just plug in power and network of choice and you are ready to go. Eurosign is an out of the box signage solution at surprising value for money.

Eurosign Totem, from Radiant Europe, is a stand alone digital signage kiosk which sets new standards in performance and value.

Radiant Europe's digital signage solution harnesses the power of **Ryarc's CampaignManager** signage software. Each display has an embedded XP platform, sophisticated media player technology and readily connects to a choice of network architectures.
